

## ROAD TAX INCREASE IN GERMANY FM. JANUARY 1<sup>st</sup>, 2019

Dear customer,

On October 18, 2018, the German Bundestag agreed an increase of the German Maut rates. This is the 5th alteration of the law regarding "Bundesfernstrassenmautgesetz" where the new Maut rates, applicable from January 1<sup>st</sup>, 2019, are set as follows:

Maut for a Euro VI truck with trailer will increase from €0,135 til €0,187 per Maut applicable kilometre - an increase of nearly 39%.

From January 1st, 2019, the new rates, unfortunately, will also have a negative impact on our freight rates on routes transiting Germany. Your daily contact at ICT Logistics will be of assistance in calculating the consequences for your company.
